CHAMPAGNE  
**POL ROGER**

Pol Roger takes extreme pride in more than 160 years producing some of the world's finest Champagne. Founded in 1849, Pol Roger is one of only a few Grande Marque Champagne houses that remains family owned and operated. Pol Roger owns close to 55% of the vineyards used for their Champagne production, a true rarity in this region of large firms. Their vineyard holdings equal to 92 hectares. Using strict guidelines, grapes are sourced mainly from 1er and Grand Cru vineyards that rate at an average of 95 points on the Échelle des Crus classification system. (In each vintage, the Échelle des Crus system.

Prior to final blending each lot is aged on its own, separated by village, vineyard, grower and grape variety. Once blended, each bottle of Champagne Pol Roger is aged and hand riddled in the 4.66 mile-long cellars under the Epernay château which are among the deepest (100 feet below ground) and coolest (48°F) cellars in champagne. Deep and cool cellars provide perfect conditions for the "prise de mousse" (the development of the Champagne in the bottle and the "finesse" of the "bead" or bubble) and for the long-ageing of their Champagne in bottle; in fact, all their Champagnes are aged longer than the legal requirement because doing so adds more complexity and fine bubbles in every bottle. In effect, each bottle of Cuvée Champagne is hand-made; 100% of Pol Roger Champagne is produced in its winery, nothing is outsourced. Controlled entirely from vineyard to bottle, Pol Roger Champagnes are the marriage of power and elegance.

**"Pol Roger is the 'gentlemen's' Champagne,"** as Jean-Paul Kauffman wrote in Voyage en Champagne, adding, **"It is not surprising, therefore, that Sir Winston Churchill, and even the British royal family, should have made it their favorite over the years. This refinement reflects a whole lifestyle. It is also a source of infinite pleasure. Pol Roger Champagne has a soul, created by the union of a family's spirit and the character of a vineyard."**

# FONTODI

Fontodi has belonged to the Manetti family since 1968. The family has been associated for centuries with another activity typical of the Chianti region, the production of its famous “terrecotte” tiles. And it is in the name of this strong link with the territory and a great passion for quality that the estate has moved successfully towards an ever more attentive cultivation of the vineyards and a more profound knowledge of the potential of Sangiovese in the zone of Panzano. Fontodi is located in the heart of Chianti Classico precisely in the valley which lies south of the town of Panzano and is called the “Conca d’Oro” (the golden shell) because of its amphitheatre shape. A genuine and characteristic “Terroir”, famous for centuries for its tradition of quality wine cultivation, thanks to a unique combination of high altitude, calcareous schist soil, lots of light, and a fantastic micro-climate – warm and dry with a marked difference in day and night-time temperatures Fontodi is a certified organic estate which extends over 130 hectares of which about 70 are planted with vines. The type of agriculture practised is inspired by the principles of respect of nature and sustainability. Not only are no chemical products used but there is an effort to maximize the internal resources of the estate, thereby reducing the need for any external input. Respecting the environment means wines that are better, purer, and a truer expression of the grape and the territory. The process of vinification and ageing in wood takes place in the modern cellar, built on descending levels to take advantage of gravity, guaranteeing the most respect possible for the natural integrity of the grape, in order to exalt the character and elegance of the wines.

## IL MARRONETO

Il Marroneto is one of the older estates in Montalcino having been established in 1974 by Giuseppe Mori. Mori's sons Alessandro and Andrea, busy with their occupations as lawyers – having followed their father's footsteps – showed great interest in winemaking. In 1980, the first vintage was made by the brothers' hands in two small rooms at Il Marroneto. The estate's 5.8 hectares have been planted in stages: The first 10% in 1975, an additional 10% in 1977, and the rest in the winter between 1982-1983. Elevation of the vineyard sits at 400 meters above sea level, and soils are an intricate mix of mostly sand large stone of limestone and galestro. Vines are planted with ample spacing in mind so that Sangiovese thrives in nutrient-rich topsoil that encourages good rooting. Here in the north, cooler weather turns out more distinctive Brunellos of precision, elegance and aromatics. Creating some of the most elegant and long-lived Brunellos in the appellation, Alessandro Mori leans strictly to the traditionalist canon of Brunello producers. Mori's practice of minimal intervention in the vineyard, eschewing the use of chemicals, allowing only native yeast ferments, and traditional cask ageing in the cellar are principles of his philosophy that underscore his mission to create wines "derived strictly from nature."

# Domaine *Raoul Gautherin & Fils*

Chablis - France

— Depuis 1585 —

The Domaine Raoul Gautherin et fils is a family estate transmitted from father to son for many generations. The wines are elaborated in a traditional way, to let express the inimitable clay-limestone soil of Chablis. The vineyards are cultivated with rigor and passion in a reasoned and sustainable way producing from small Chablis to Grand Crus. The three Grand Crus are Vaudésirs, Grenouilles, and Les Clos. They are placed in front of the village, on the right side of the Serein river. The three Premier Crus are the Vaillons and Montmains "vieilles vignes" on the left side, and the Mont de Milieu on the right side. They are situated on the best expositions on the hillside. The Chablis Vieilles Vignes are the grapes that are chosen from their oldest vineyards, aged more than 35. After the vinification in tank, the wine is aged into barrels from 12 to 15 months. The Chablis express typicity of their terroir. They are fresh, balanced and have a strong minerality. The Petit Chablis "La terre de mon père" is a hommage to Raoul Gautherin, father of Alain Gautherin and grandfather of Adrien Gautherin. It comes from their only vineyard of Petit Chablis, ideally situated right after their Chablis Premier Cru Vaillons. The vinification is a secret only known by Alain & Adrien.

# DOMAINE de MONTILLE

Domaine de Montille is one of the most iconic producers in Burgundy with a very long and fascinating story that dates back to 1730. Although the name de Montille is synonymous with the village of Volnay, where the family's house remains still, this historic estate has spread out to a total of 25 hectares and is now one of the largest estates in the Cote d'Or region. The 1995 the production became organic and in 2005 it became biodynamic focusing on whole bunch fermentation giving the wines of de Montille a distinctive taste and style.

# GUY AMIOT ET FILS

GRANDS VINS DE BOURGOGNE DEPUIS 1920

Domaine Amiot was founded in Chassagne-Montrachet in 1920 by Arsene Amiot when he acquired select parcels of vines or “climats” in Chassagne including Vergers, Caillerets, Clos St. Jean and in what is today Le Montrachet. Under Aresene, Domaine Amiot became one of the first domaines in Burgundy to bottle their own production.

In the 1930's the domaine passed to Aresene's son, Pierre, who continued to add top sites such as Champsgains, Macherelles, Maltroie and their tiny parcel in Puligny, Les Demoiselles.

Pierre's son, Guy, took the reins in 1985 and solidified the reputation of the domaine for producing wines of exceptional quality from an impressive array of top vineyard sites.

Guy's son Thierry took over the winemaking in 2003 and continues the tradition of expressing the unique character of each vineyard site while constantly seeking to improve the quality of the wines while his brother Fabrice, makes sure that the wines are being promoted worldwide!

DOMAINE  
COMTESSE de CHÉRISEY

Perched in the high hills of Blagny above Meursault and Puligny Montrachet, Comtesse de Chérissey is a steadfast domaine with a history of pure and intensely mineral whites that continue to reveal some of the best kept secrets of the Cote d'Or. Once tended to by the Cistercian monks of Mezieres in the 14th century, Hélène Martelet-de-Chérissey and Laurent Martelet are the current vigneron working rigorously to preserve the heritage and tradition of this ancient terroir.

The vineyards are hand-harvested from across 9 hectares, including a small collection of limestone-laden premier cru sites with vines averaging over 60 years of age.

From the rich and layered power of their La Genelotte monopole of Meursault-Blagny, to racy expressions of the Puligny Montrachet Premier Cru La Garenne, the wondrous whites of Comtesse de Chérissey reveal a true sense of purity and value.

Puligny Montrachet 1er Cru "Hameau de Blagny"	2018	143 €

# DOMAINE DE LA JANASSE

Domaine de la Janasse is a Châteauneuf-du-Pape producer owned and operated by the Sabon family. It was founded in 1967 by Aimé Sabon when he took over the vineyards of his father, who had been selling fruit to a wine cooperative. The winery makes a number of wines including red and white Côtes du Rhône, and a number of IGP wines, but the flagship wines have always been the Châteauneuf-du-Pape reds. The winery makes three distinct expressions: Domaine de la Janasse Tradition, Chaupin and Vieilles Vignes. It also makes a white version of Tradition and a second white wine called Prestige. Over the last quarter-century, Domaine de la Janasse has become one of the most highly-regarded estates in Châteauneuf-du-Pape. The reds from Janasse are frequently considered to be among the best in the region whether it is their pleasingly complex Côtes-du-Rhône and Côtes-du-Rhône Villages or their three bottlings of Châteauneuf-du-Pape.

Apart of producing some of the finest rose wines anyone can find in Provence, Commanderie de Peyrassol is followed by a long and important history like very few others in France. The vineyards lay in an altitude between 220 m to 350 m above sea level in a land of 900 hectares. Thirteen different varieties are planted in Peyrassol. Red grape varieties such as Cinsault, Grenache, Tibouren, Mourverde, Syrah, and Cabernet Sauvignon and white grape varieties such as Semillon and Ugni-blanc.

Although the estate produces red and white wines, the stars of the Chateau are its rose wines. The grapes are 100% own production, mainly from old vines, and the end result offers one of the best expressions of the terroir of Provence.

# CÉSAR MÁRQUEZ

## BODEGAS Y VIÑEDOS

César Marquez Perez has deep roots in Bierzo. His family founded the Castro Ventosa winery in 1752 and they still own it today. Thanks to that long history, he has access to many of the top sites in the region. He has grown up in the vines and wineries in Bierzo and has learned from his elders, including his uncle Raul Perez. And now he has his own project. He launched his solo project in 2015 with 4 wines. Today he makes 7 wines from 6 HA of 80 to 120 year old vines.

He is a part of the new wave of Spanish vignerons who have a knowledge of the greater world of wine and also a respect for and connection to the land around him. He is finding old vines in unique sites and vinifying them separately to showcase the ability of Mencía to transmit terroir. He is structuring his lineup of wines in Burgundian fashion - appellation wine, village wine, single vineyard wines. He is farming organically. He is using partial whole cluster, reductive winemaking and low sulfur. He is making wines that are not just great for Bierzo or Spain, but that stand along the best wines from any region or country.

# Dominio del Águila

Dominio del Águila is a family winery based in La Aguilera, a small village in Ribera del Duero, and run by a couple formed by Jorge Monzón and Isabel Roderó, vigneron and architect respectively. Jorge comes from a family of many generations of vignerons. His studies were based in 'Soil, viticulture and oenology' at the Universities of Bordeaux and Burgundy. He worked with prestigious wineries such as Domaine De La Romanée-Conti for more than two years. He has also worked in Spain in the Vega Sicilia Group for a year and as technical director of Bodegas Arzuaga-Navarro for nine years. Since 2013 he works full time in Dominio del Águila. The winery's main brand is 'Dominio del Águila'. It is a 'vino reserva' with more than 30 months ageing in French oak barrels. Also they produce a claret and a red wine aged for about 15 months, called 'Picaro del Águila'. These wines are the basis of their work, but they also have a range of other wines of great personality, such as 'Canta la Perdiz', a 'Gran reserva' that ages more than 40 months in oak barrels

# Racines

Racines is a collaboration between two classic houses from France, led by vignerons Étienne de Montille and Brian Sieve of Burgundy and Rodolphe Péters of Champagne. The team came together to join their individual experiences in hand-crafting wines of purity and transparency to create a range of Pinot Noir and Chardonnay from the cool climate of the Sta. Rita Hills in California.

The project is the first venture for Étienne and Rodolphe beyond France and represents the coming together of all that is wonderful about Burgundy, Champagne and California.

These wines confirm something many have long suspected: that if you are looking to make terroir driven, elegant, balanced wines in the new world, then Sta. Rita Hills is the place.
